

Attestation

European National Regulations on VOC emissions

On 26 April 2022, Eurofins Product Testing A/S received a sample of a wooden panel with the product name:

Spruce with Burnblock JG30 (38 kg/m³)

supplied by

Burnblock ApS

The emissions were tested according to the regulations in Germany, France, Belgium and Italy. The test is in accordance with German AgBB (2021), the German ABG (2019), the French legislation of 2011 on emission classes as specified in decree no 2011-321, the Belgian Royal Decree C-2014/24239 and the Italian CAM decree 11, section 2.3.5.5 (2017). Sampling, testing and evaluation were performed according to EN 16516, ISO 16000-3, ISO 16000-6, ISO 16000-9 and ISO 16000-11 testing standards (see test report no. 392-2022-00186802_QE_EN_rev1).

The tested sample complies with the European regulations as mentioned below:

- French VOC Regulation of March and April 2011 showing emission class: 
- German ABG/AgBB
- Belgian VOC
- Italian CAM
- The sum of VOC emission (TVOC) after 28 days was below 5 µg/m³

The tested product complies with referenced European regulations as of 22 June 2022.

22 June 2022
